

## Group 4 Meeting Minutes

Date: 3/21/23

Agenda:

- 1) UML Design: The group discussed each individual UML diagram and then came together to come up with a more unified diagram. This allowed us to continue on the project with a shared vision of the application.
- 2) Sequence/Use Case Diagrams: The group discussed use case diagrams and sequence diagrams after the shared UML Design.
- 3) Group Presentation: Each member of the group will present a specific class with a type of diagram.
