

Group 4 Meeting Minutes

Date: 2/20/2023

Agenda:

- 1) SRS: Group has continued to work on the SRS document on Google Docs. The final version is to be uploaded to GitHub.
- 2) UML Class Diagrams: The class diagrams are being completed for each of the main classes chosen. They have been added to the SRS
- 3) Use Case and Sequence Diagrams: These are being created and added to GitHub as part of the Design Phase.
- 4) The Requirements phase has been mostly completed and the presentation is being created.
